Abstrak

[ABSTRAK
 Penelitian ini membahas Openingszinnen (rayuan Bahasa Belanda) yang mengandung tindak tutur dan implikatur di dalam setiap kalimatnya. Tujuan dari penelitian ini adalah untuk memaparkan tindak tutur lokusi dan ilokusi serta jenis-jenis tindak tutur yang muncul pada rayuan tersebut. Metode yang digunakan untuk menganalisis korpus berupa Openingszinnen yang terdapat pada laman www.leukespreuk.nl adalah metode kualitatif. Dari penelitian ini dapat disimpulkan bahwa sebagian besar kalimat dalam Openingszinnen diawali dengan sebuah pertanyaan retorik dan dilanjutkan dengan penjelasan yang memiliki implikatur mengenai pertanyaan tersebut. Implikatur dan jenis tindak tutur dalam setiap kalimat berbeda-beda, ada yang bermaksud untuk memuji kecantikan seorang wanita, ada yang mengharapkan suatu tindakan dari pendengar, ada yang sekedar ingin memperlihatkan bahwa ia sedang jatuh cinta bahkan ada pula kalimat yang bersifat vulgar, seperti mengajak berciuman atau bercinta satu malam.ABSTRACT
 This journal discusses about Openingszinnen or pick up lines in Dutch that contains implication and speech acts. The main approach of this journal is to give detail explanation for every single speech acts, implication and also to find the classification of speech acts in Openingszinnen. This study uses qualitative methods to analyze a corpus of Openingszinnen from a website www.leukespreuk.nl. It can be concluded that rhetorical question can be found very often in the beginning of every sentence in Openingszinnen. The explanation about the rhetorical question that contains implication can be seen in the following sentence. The intentions of the implication and the classification of speech acts are different, to praise the beauty of a woman, to expect something from the listeners, to show that the speaker is in love and even have vulgar intention, such as asking for kisses or one night stand love., This journal discusses about Openingszinnen or pick up lines in Dutch that contains implication and speech acts.
