ABSTRACT

Pharmacy is one of the pharmaceutical services where Pharmacists perform Pharmaceutical practices. Pharmacy service practices in Pharmacies include managerial activities such as management of Pharmaceutical Preparations, Medical Devices, Medical Materials Consumables and Clinical Pharmacy services. This internship aims to give students direct knowledge related to the duties and responsibilities of Pharmacists in Pharmacies, practical experience to perform pharmaceutical practices in pharmacies and has a real picture of pharmacy practice issues in pharmacies. This internship was carried out for one month in Prima Sehat Pharmacy. The specific assignment in this internship was about Home Pharmacy Care for people with Diabetes Mellitus.
