

Chronicle of a death foretold

Marquez, Gabriel Garcia, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20461729&lokasi=lokal>

Abstrak

Summary:

A festive marriage celebration in a South American village is interrupted violently when a young merchant is murdered, presumably for seducing the bride before the wedding. Twenty-seven years later, gathering evidence from the participants and witnesses, the 1982 Nobel Prize author reconstructs the mounting horror of that day as a whole community assumes complicity for a man's death.
